

WATER PROJECTS CONSIDERED AT JOINT MEETING

Immediate Action Promised
As Council Meets With
C. C. Committee.

NEED OF GREATER
SUPPLY STRESSED

Bristol Outlines Proposal To
Build Reservoir On
Highland Ave.

Immediate action with regard to the establishment of a suitable water supply for Salem was promised Tuesday evening, when members of city council met with the water committee of the Chamber of Commerce for a discussion on the water question here.

With the exception of Councilman Augustine who is ill, the entire membership of the city council was present while the Chamber of Commerce was represented by H. A. Gager, chairman of the water committee, K. B. Thompson and F. J. Emeny. Service Director Bristol outlined his plan for the erection of a steel tank on Highland ave.

The immediate need of additional water supply was stressed by Director Bristol and it was the consensus of opinion that the first thing to be done is to secure an additional supply of water for the city's use. It was pointed out that the present well fields could be depended upon to furnish sufficient water to supply the city's needs during the hot summer months, when more than 1,000,000 gallons daily will be required. The present supply furnishes about 900,000 gallons daily, according to Director Bristol.

The meeting Tuesday evening was in the form of an informal discussion of the two proposals submitted to city council regarding plans for erection of either a steel tank on Highland ave or a concrete reservoir on Newgarden hill.

No definite agreement was reached on either of the proposals submitted but the advisability of erecting either a tank or reservoir on the east side of the city met with approval.

It was agreed that immediate action would be taken on some plan that would prove suitable as it is felt the situation requires immediate attention.

The question of supply will likely be taken up at another meeting later, it was stated. City council will discuss the question at its meeting Tuesday evening.

MANSFIELD DIES IN WASHINGTON

Former Manager Of Buckeye Engine Co. Victim Of Pneumonia.

A. K. Mansfield, widely known Salem resident, died of pneumonia Tuesday night at Washington, where he and Mrs. Mansfield were spending the winter. News of his death reached friends here Wednesday morning. He was more than 70 years old.

A number of years ago Mr. Mansfield came to Salem from Chicago. He was connected with the Buckeye Engine company here as general manager for some years, retiring from this company some 15 years ago. In recent years Mr. and Mrs. Mansfield have been spending their summers at their home here on Lincoln ave and their winters in Washington. Mr. Mansfield is survived by his wife. The funeral arrangements will be announced later.

COMMITTS SUICIDE BY TAKING LYSOL

East Liverpool, Jan. 24.—Miss Beryl Munaw, 23, of Chester, W. Va., is dead as the result of having swallowed a quantity of lysol early this morning, said to have been taken with suicidal intent.

Miss Munaw, who resides at home of Mr. and Mrs. Henry Wilson, Chester, staggered down the stairs of the home early this morning and told Mrs. Wilson she had taken poison. She fell unconscious and within a few minutes was dead.

No cause was assigned for her tragic act.

Arrested On Charge Of Dynamiting Dam

Joseph Lance of Salineville was brought to the county jail Tuesday afternoon on a charge of having dynamited a dam in the creek near that village by dynamiting. He was taken before Justice C. W. Powell and bound over to the grand jury in the sum of \$500.

The dynamiting of the dam is said to have been the result of a controversy between a lumber company and a coal company, the claim being that the erection of the dam dynamited backed water up against one that had been previously built.

Women In Congress Number Three

Washington, Jan. 24.—For the first time in history three women are members of congress today.

The election of Mrs. Mae Nolan, widow of former Rep. John I. Nolan of California, to succeed her husband gives the sex the greatest representation it has ever had in congress.

The feminine contingent now consists of "Aunt Alice" Robertson of Oklahoma; Mrs. Winifred Mason Huck of Illinois, and Mrs. Nolan of California. All are Republicans.

GERMAN STRIKERS RETURN PENDING RESULT OF TRIAL

Coal Magnates Arraigned
Before French Military Court.

Essen, Jan. 24.—Thousands of striking German coal miners in the Ruhr returned to work today pending the outcome of the trials of Fritz Thyssen and other coal operators at Mayence. They threatened further trouble if the coal magnates were convicted and punished.

All of the Ruhr is more or less isolated from the balance of Germany and some parts of the occupied areas are nearly cut off entirely owing to interruption of rail and wire communications.

The production of coal and steel products has fallen sharply, owing to strikes and shortage of fuel.

Today's developments in the Ruhr field are:

Fritz Thyssen and five other German coal magnates were arraigned before a French military court at Mayence charged with disobeying French orders.

Thousands of miners in the Ruhr returned to work pending outcome of the Mayence trials but coal and steel production is still seriously crippled.

French officials at Paris charged that the Berlin government is trying to bring about a general strike in the Rhineland and Ruhr with the leadership taken by railway workers.

Berlin officials at Berlin deny the French accusations that heavy German troop movements are under way in the interior of Germany.

American army of occupation departs from Coblenz. It will sail for home from Antwerp.

British cabinet met at London and canvassed the Ruhr situation, deciding to maintain its neutrality policy.

France in a communication to London, assured Great Britain that the French desired to avoid any embarrassing incidents upon territory held by the British army of occupation on the Rhine.

Miss Price Recovers Use Of Injured Leg

Miss Edith Price, 17, daughter of Mr. and Mrs. Thomas Price, East Green st., who has been at the Alliance City hospital since Sept. 21, having undergone a serious operation, returned Sunday to her home here very much improved.

On April 21 last Miss Price fell, sustaining a compound fracture to her left leg, that had been weakened by a previous injury. For a time it was thought it would be necessary to amputate the leg. After she was taken to the hospital the bone was scraped to a shell and a substance known as "filler" put into it has resulted in growing of new bone and Miss Price is now able to walk with some help.

It is thought in a few months she will be able to be out with the use of crutches.

Two Dead As Result Of Carbon Monoxide

Cleveland, Jan. 24.—Carbon monoxide gas had claimed two more victims in Cleveland today, when the bodies of John Kutschera, a real estate dealer, and an unidentified woman, aged about 30, were discovered in Kutschera's home, after police broke down the doors. They had apparently been dead almost a week. The total fatalities from this cause in the past two months here is placed at eight.

60 Jersey Breeders Will Meet Thursday

More than 60 people, 15 of them prominent Jersey breeders of Mahoning county, have made reservations for the dinner in connection with the annual meeting of the Columbiana County Breeders Association Thursday evening at the Chamber of Commerce rooms. Carl F. Knirk, Cleveland, will give the principal address of the evening.

Fire Damages Big Hollywood Studio

Los Angeles, Jan. 24.—Damage estimated at \$50,000 was done to the old D. W. Griffith studio early today when fire broke out in the laboratory of the big plant in the Hollywood district. The studio, known as the fine arts studio, houses eight independent motion picture companies. Cause of the fire is unknown.

J. S. Sloan and armed auto.

This photograph shows a man believed to have been J. S. Sloan, leader of the sensational \$200,000 hold-up of the Denver (Colo.) mint, in which a mint guard was murdered, after firing a number of shot into the bandits' automobile. The body was found in an automobile in a locked garage in Denver. The photograph also shows the guns and the car in which the slain man was found. He is believed to have been killed by one of the shots fired by the guard and to have been left there by his accomplices.

Woman Elected To Congress By Front Parlor Campaign

California's First Congress Women Is Elected Without Leaving Her Home Or Making a Speech.

San Francisco, Jan. 24.—A woman has gone President Harding one better. Mrs. Mae E. Nolan, taking note of the president's front porch campaign has won election to congress from the fifth district of California, by a "front parlor campaign."

Mrs. Nolan succeeds her husband, the late John I. Nolan, one of the outstanding representatives of labor for many years in congress. She is California's first congress woman. She never left her home, never saw over a field of six men, all of whom conducted active campaigns, made a speech and had a lead of 3,000 over her nearest male competitor. Essentially a "home woman" Mrs. Nolan because of the recent death of her husband, did not regard it as fitting that she should make a speaking campaign.

But the women of her district, comprising half of San Francisco and the large labor district came to her. In delegations of from a score to a half hundred they visited her front parlor. Politics did not enter largely into the discussions. But they sized up the candidate and then went to the polls and carried the word to their husbands and sweethearts that Mrs. Nolan was the candidate.

"The new congress woman from California is 'wet'."

"I favor modification of the Volstead act," she said as she received congratulations at her home today, "while strictly speaking the 'wet-dry' question is not now an issue, my husband favored liberalization of the provisions of the dry act looking to a return of light wines and beer and any measures having this object will have my support."

Mrs. Nolan will be an out and out representative of labor in congress as was her husband.

"My only reason for running was my desire to see my husband's work carried on in congress in the way he would have done it himself," she explained between hugs and kisses from her seven-year-old, golden-haired daughter, Corliss, who was one of the first to congratulate her mother.

ACCIDENTS RESULT OF SLEET STORM

More Than Forty Accidents
Reported In Cleveland,
Traffic Tied Up.

Cleveland, Jan. 24.—More than 40 accidents one of them serious, were reported to police early today, the result of a sleet storm, which had paved business and residence streets with a thin coating of ice.

Telephone and telegraph service was badly interrupted. Many motorists were forced to abandon their cars on the streets.

About 8 o'clock a slight snow covered the ice, making locomotion somewhat easier. Street car and steam traffic was reported delayed.

Newark, Jan. 24.—A sleet storm which struck this city during last night caused a tie-up of traffic. Several automobiles were badly damaged by skidding into curbs and buildings.

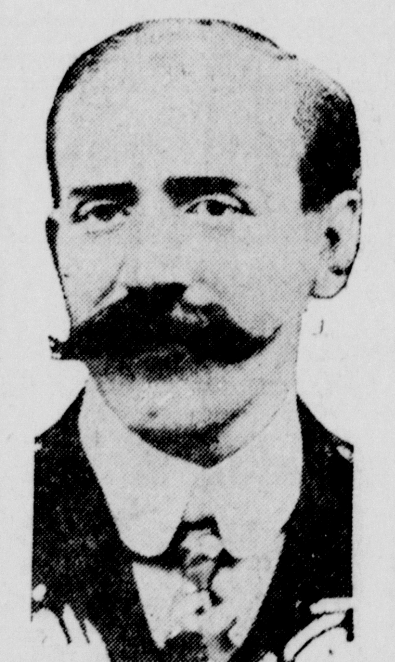

Mrs. Lizzie Connel and Prosper Moore sustained broken arms when they fell on the sidewalk. An auto driven by Charles Deardurf and carrying three other men overturned down an embankment and was badly damaged but the occupants escaped injury.

A non-cupative will disposing of property of Valeria Manchuela, whose death occurred in the Salem City hospital Jan. 10, the result of injuries sustained in an automobile accident, was filed with Judge Lodge Riddle in the probate court for probate Tuesday. By the terms of this will the estate of the deceased goes to his mother, Margalino Comanica, and Dana Oana is named to serve as administrator.

A non-cupative will is one which is reduced to writing following death of the testator, by witnesses to whom his last wishes have been made known. The will of Manchuela was witnessed by Master Canjo and Safran Canqu.

Surprise Mrs. Montcrief Tuesday many friends of Mrs. Jennie Montcrief gathered at her home in Winona, surprising her in honor of her birthday anniversary. A bountiful dinner was served at noon and music contributed to the pleasures of the afternoon. Mrs. Montcrief was given several beautiful and useful gifts.

This Man Takes Life For His Living.

John Ellis, official executioner of England, has killed more men than any other executioner. He is generally known as "the black man." His photograph has never been published before. His most recent "job" was the double hanging of Mrs. Thompson and Frederick Bywaters.

DR. MILES HEADS COUNTY MEDICS

At the monthly meeting of the Columbiana County Medical society held Tuesday afternoon at Salem City hospital, Dr. F. T. Miles of Salem was elected president for 1923.

Other officers are Dr. M. D. McCutcheon of East Liverpool, vice president; Dr. T. T. Church, Salem, secretary-treasurer; Dr. W. C. Nevin Lisbon, censor. The new councillor, Dr. J. M. King of Wellsville, was introduced.

The society will meet again next month.

DONAHEY DELAYS MOVE FOR POST'S SUSPENSION

SENATE APPROVES BILL TO TIGHTEN UP LIQUOR LAWS

State Body Passes First
Temperance Legisla-
tion Before It.

DEALING IN DEATH
BOOZE IS MURDER

Prison Term For Operator
Of Still Is Provided
In Measure.

Columbus, Jan. 24.—The first temperance legislation to come before the general assembly was passed Tuesday afternoon by the senate without a dissenting vote. The measure, introduced by Sen. George H. Bender, Cleveland, does four things:

1—Provides that whoever "knowingly sells, furnishes, or gives away wood alcohol or any preparation or compound containing wood alcohol or any intoxicating liquor to be used for beverage purposes and death results therefrom, shall be guilty of murder."

2—Provides that no person shall "solicit or receive, or knowingly permit his employees to solicit or receive, from any persons, any order for intoxicating liquor or give any information of how intoxicating liquor may be obtained," if the liquor is not to be purchased legitimately, and used for legitimate purposes.

3—Provides that any person who manufactures a distilled liquor—and this does not apply to home brewers of beer nor fermenters of wine—for a first offense shall be fined not less than \$500 nor more than \$3,000, and be imprisoned in the state penitentiary not less than one year nor more than five years; and for a second and each subsequent offense, shall be fined not less than \$1,000 nor more than \$5,000 and be imprisoned in the state penitentiary not less than two years nor more than ten years.

4—Provides that "no fine or part thereof imposed" under state prohibition laws, "shall be remitted nor shall any sentence imposed (under these laws) be suspended in whole or in part thereof."

This proposed law represents the wishes of the Anti Saloon league in its desire to tighten up liquor law enforcement in Ohio. It had the backing of that organization, and there is little doubt that it will pass the house when it reaches that body. A vote may come on it next week.

The provision making it murder for a person to furnish death dealing poisonous liquor is aimed at the rather extensive traffic in questionable and quite often deadly booze. It is calculated to inspire terror in the hearts of careless vendors and to make purchasers more thoughtful by impressing on them the gravity of the dangers to which they lay themselves open.

Ha'monies With Volstead Act The provision making it an offense to solicit orders for liquor cures a defect in the present state enforcement code, making it harmonize with the Volstead law.

In making it a penitentiary offense to operate a still, prohibitionists believe they are striking at the very root of lax law enforcement. Importation of liquor, according to state enforcement officials, has almost ceased to be a problem in Ohio, while, they say, little or no liquor is now being released from bonded warehouses for illicit traffic.

Bandits Ply Trade To Pay For Machine

Newark, Jan. 24.—Two masked men held up the Reinhold Billing station at the southern edge of town last night and robbed the cash register of \$41 and made a temporary getaway in their automobile, which they had purchased on the installment plan.

The absence of chains, and an icy roadway, made their capture comparatively easy at a point five miles south of town and they were brought back here and locked in jail.

They gave their names as Paul Greengrass 26, and Charles Abele, 19, both of Zanesville. Abele had purchased the automobile from a Zanesville firm and owed a balance of \$150 on it. He said the reason for the holdup was to get the money to make a payment.

OLD GLORY HAULED DOWN FROM RHINE

Doughboys Leave Coblenz Amid Tearful Farewell Of German Girls.

Coblenz Jan. 24.—The Stars and Stripes were hauled down at noon today from the great mountain fortress of Ehrenbreitstein, above this city, after floating in the German air for four years.

It was the final act prior to the departure of the American army of occupation for Antwerp, where the men will sail for home. As soon as the American flag had been hauled down the French tri-color was run up in its stead.

As the American flag was lowered, a French band played "The Star Spangled Banner." Gen. Henry T. Allen, commander of the Americans, received the banner in his arms.

A band from the eighth United States infantry, drawn up opposite the French, broke into the "Marsellaise" as the French tri-color was hoisted.

The French and American commanders saluted each other.

The final act came this afternoon as the doughboys, amidst the tearful farewells of German men, piled full goodbyes of German men, piled into the troop train, which was scheduled to steam away shortly after 4 o'clock.

Wainwright Is Preparing
America For War.

Asst. Secy. Wainwright

It is significant that, with Europe on the verge of a volcano, Assistant Secretary of War Wainwright has started from Philadelphia on a tour all over the country to perfect war department plans for industrial mobilization in the event of war. He will visit Cincinnati, Pittsburgh, Chicago, St. Louis, Louisville, Rochester, Buffalo, Cleveland, Detroit and Pacific coast cities to consider local plants to take over in an emergency.

Members of the committee stated that they had been given very courteous treatment both in Gov. Donahay's office and the office of Prohibition Commissioner McDonald.

The committee first visited the prohibition headquarters where they had a long conference with Commissioner McDonald. They were then taken to the governor's office where they had a conference with the chief executive lasting more than half an hour.

They reported being given every consideration by the chief executive who advised them as to the proper method of procedure in the case. Several other steps must be made before any definite action can be taken by Gov. Donahay, it was stated.

These measures will be taken immediately and it is expected that the matter will be in the hands of the governor for action in a short time, according to the committee.

Wants Citizens Support The governor intimated that action would be taken if affidavits on file in his office bear out the charges preferred. He declared, however, that before taking any action he wanted to know that the citizens would back him.

The visit of the committee to Columbus follows close upon the heels of the removal of Mayor Vogt of Massillon together with several city officials. The Massillon executive was removed for alleged laxity in enforcing the laws and he was given a 30-day notice of suspension in order to prepare his case for trial.

It has been explained that even should Gov. Donahay suspend Mayor Vogt it would not necessarily mean removal. The procedure in such cases is to serve a 30-day suspension notice at the conclusion of which the official is given a hearing before an impartial court appointed to represent the governor. If the charges filed are sustained then the official is permanently removed, but if the charges are not substantiated the official is reinstated to his office.

When questioned Tuesday for a statement Mayor Vogt declared he had nothing to say. "It is not my move," he declared. He had not been advised of any action being taken for his removal until shown a report of the committee's action.

Reference was made in the resolution to Hammond's telegram of Jan. 4, to the conference at Chicago, expressing the hope that an agreement would be reached.

After the joint meeting the policy committee of the United Mine Workers of the central district met to consider routine business.

No definite action has been taken by Gov. Donahay with regard to the request made Tuesday by the Salem citizens committee for the removal of Mayor John W. Members of the committee stated that they had been given very courteous treatment both in Gov. Donahay's office and the office of Prohibition Commissioner McDonald.

Maple Sugar Days Near

THROUGH all the weeks since the first frost came lovers of maple sugar have read the weather reports from Northern Ohio, rural New York and Vermont with interest that was heartfelt. There may have been a feeling of sympathy when the storms came to those sections, but even in the most gloomy and severe weather there was a consoling thought. One may expect a heavy flow of maple sap following a hard winter and plenty of maple sap promises plenty of maple syrup and sugar.

Nature seems to employ the maple sugar crop as a compensation to those who must brave a rough and severe winter. When the frost is deep and long continued, when the snow piles high and stays during the months when winter reigns in its most severe form, one may expect there will be an abundance of sugar in the days when the spring thaw starts the sap and activity is developed in the sugar camps. But those who are favored with a mild winter, little heavy freezing and the minimum of snow must get their compensation from those facts, for they promise nothing encouraging in the sugar crop.

Other states may produce more sugar than Ohio, but Ohio syrup and sugar equal the best ever made. It is not quantity to which this state points but to quality, and that quality has been maintained through all the years. Geauga county, one of the smallest in the state, is the richest if one counts the abundance and quality of sweets produced in the days of spring. It is one of the crops of real importance in that county and buyers of all sweets produced through the little towns there far ahead of the opening of the camps. Other counties produce smaller amounts but the Ohio quality is found in every sugar camp in the state.

Santa Claus in Russia

THE soviet government with its usual visionless statecraft, has declared that the myths of Santa Claus and the Christian religion have dazzled children and fools too long.

During the Russian Christmas, which comes on Jan. 8, as counted by our calendar, the "free" Russian people are not permitted to mention or impersonate Santa Claus, nor may they show the figure of an angel on any Christmas tree.

So the tender stories of the Christ child and good St. Nicholas—stories that for uncounted centuries have gladdened the lives of little children and brought a glow of warmth and love to hearts made bitter by unkind years—may no more be told to little Ivan and his starving brothers and sisters. Even the czars with their terrible power would not have dared so much.

People have starved and frozen as Russia starves and freezes, but, preserving their spiritual ideals, won through to splendid victory. Before enforcing such an order upon his betrayed followers, Lenin should have given heed to the words of a greater revolutionist than he, Voltaire, who has said: "If God did not exist, it would be necessary to invent Him."

20 YEARS AGO

(Issue of Jan. 24, 1903.)

Salem milliners do not seem to be disturbed over the recent revival of the crusade now being conducted by the Ohio state game warden. Several local stores have supplies of the prohibited birds and their sale goes merrily on.

Since the introduction of the automatic telephone system, speculation has been rife as to whether this new method would in the near future find its way in the local exchange.

From reports the little town of Rogers is about to enjoy a boom. Two mines are to be opened in that vicinity, and about 75 men will be employed.

Horner Bush, Bellaire, is visiting relatives here. At one time he was connected with the patrol system in Salem.

Miss Lottie Cessna has accepted position of stenographer at the office of L. Tomlinson & Sons, Calla. The local Adams Express company this morning handled \$8,000 in

cash which had been set off here for a few hours in transportation from Cleveland to Sebring.

Farmers are already preparing for the maple sugar season. This winter is said to have been ideal for the business and a big yield of syrup is anticipated.

In the styles—At one period lace coats were only worn at tea time. Now we use them as additions to evening frocks and even day blouses. E. R. Merrell, right of way man for the Stark Electric Railway Co., with B. M. WANTS CONGRESS TO PREVENT COAL GOING TO CANADA

Shortage And High Prices Blamed By Senator On Exports.

Washington, Jan. 24.—In the face of country-wide complaints over coal shortages and the high prices being charged for the supplies available, a resolution will be started in congress this week to stop the exportation of coal to Canada until American needs are taken care of.

Sen. David I. Walsh, Democrat of Massachusetts, said today he will introduce a resolution in the senate this week establishing an embargo on Canadian shipments.

The resolution will request the interstate commerce commission to immediately stop coal deliveries across the northern boundary, in an effort to relieve the growing shortage in this country, Walsh said.

Furthermore, the resolution will ask the commission to investigate the combustibility of coal now being sold in the United States with a view to restricting distribution of coal containing non-inflammable impurities. Walsh said reports showed only 65 per cent of anthracite and 50 per cent of bituminous sold in New England was combustible being

filled with slate, rock and other foreign materials. The best coal, he stated, was being shipped to Canada.

To remedy this situation, Walsh's resolution will request the commission to send agents to the mines and refuse cars to operators in interstate transportation when coal did not register a certain composition standard.

Families in Need
"Not only are operators sending the best grades of coal to Canada," said Walsh, "but they are selling it for from two to seven dollars less a ton than the price just this side of the boundary. With the shortage here becoming more and more acute and with privation and suffering intense in many sections, this practice must stop."

The Massachusetts senator always has been a close student of the nation's fuel problems. During the twin rail and coal strikes he advocated nationalization of the mines to prevent a coal shortage this winter.

"Many families, especially in New England and the northwest," continued Walsh, "have only sufficient coal to cook one meal a day, and none for heating purposes. Prices are fabulous, in some cities ranging from \$18 to \$22 a ton and only the wealthy and influential families can buy coal. The shortage has caused untold sickness, privation and misery among the working classes."

If an embargo does not prove effective in eliminating to some extent, at least, what he terms "a country-wide coal famine," Walsh said he intended the introduction of drastic national legislation, with special regard to lowering prices and increasing the retail supply.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

How to Get Electricity Turned On

Whenever you change your residence—please notify us immediately. To delay this notification delays your application for service, and prevents us from serving you promptly. A letter, a phone call, or a call in person will receive our immediate attention. Bear in mind that at least one day must elapse before you get electric service. Our various departments must be informed of the change, new records prepared—and it all takes time. But it saves time in the end.

PUBLIC UTILITIES ON BIG VALUATION

Columbiana county's public utilities including electric light and power, gas, transportation, telephone and telegraph companies, will pay taxes during 1923 on a total valuation of \$23,187,630.

These figures are shown in a statement which has just been compiled by County Auditor C. E. Hamilton, listing taxable property within the county of Columbiana county to be valued at \$23,187,630.

Property valuations for 1922 showed a shrinkage of nearly \$2,000,000 over the valuations of 1921 upon which taxes for last year were levied. The valuation of all property in 1921 was \$25,187,630.

The value of public utilities for 1922 was \$24,166,760, as compared to \$23,187,630 in 1921. General real estate in the county last year was valued at \$20,945,750, which shows a slight increase over the valuation for 1921, which was \$20,757,150.

Personal property tax valuation in 1922 was \$1,464,570, as compared to \$1,464,570 in 1921. Corporation and manufacturing interests were taxed on a valuation of \$8,484,560 in 1922.

COURT NEWS

Peterson Will Probated

The last will and testament of the late Squire Jacob D. Peterson of Elkton township, was presented for probate in the probate court Tuesday morning, and owing to the fact that Judge Lodge Riddle of the probate court was one of the subscribing witnesses to the document, it was certified by him to Judge Moore in common pleas court. The will was admitted to probate later in the day and was certified back to the probate court.

Squire Peterson gave his entire estate to his wife, Caroline Peterson, with the right to dispose of the same and use the proceeds of the sale for her maintenance and support and at her death any part of the estate remaining, will go to Ida Peterson, of Elkton, daughter of the deceased.

Judgment Is Entered

Judgment was entered by default in common pleas court Tuesday for \$2,875.74 and costs in favor of Albert J. Wickline, executor of the estate of the late Charles Wickline, against Harry Wickline and others, and an order of public sale was issued for lot 10 in Robert French's addition to Salem, a mortgage on which secures the payment of the promissory note upon which judgment was rendered.

Cases Are Dismissed

The common pleas court has dismissed the cases of Emmet LeRoy Thomas against Sarah Sanor and others, C. M. Day against Henry S. Wilson and others, Lucinda Ward against Jonathan Ward, and F. H. Millward against The Hanover Fire Insurance company, and the case of James L. Vinson against Steve Darnier and others, was settled.

State Fruit Growers To Meet In Columbus

Combat of orchard diseases and insects, and the possibilities of co-operation are main topics on the program for the approaching annual meeting of the Ohio Horticultural society, to be held Jan. 20-Feb. 1, the middle three days of Farmers' week at the Ohio State university, Columbus.

Horticultural scientists of four states are scheduled to speak. M. J. Dorsey, chief of the department of horticulture at the University of West Virginia; Dr. G. W. Kellett of Wisconsin, and W. J. Schoene of Virginia will talk on experiences of growers and experimenters in those states. Ohio is represented by five scientists from the Wooster Experiment station by C. W. Wald of the Ohio Farm Bureau Federation, and by a farmer, D. E. McConnell of Hubbard. Among committees to report is one appointed to investigate the farmer's right to make cider and other fruit juices under the prohibition laws.

LEETONIA NEWS

Leetonia schools observed Temperance day, Friday, Jan. 19, as outlined by the state director of education, Vernon H. Riegel, of Columbus. The program included patriotic songs, recitations, and life histories of famous prohibition leaders. The school children repeated in unison: "A good citizen is loyal to his country when he obeys its laws; himself when he develops towards the highest ideals, physically, mentally and morally."

The first regular meeting of the newly organized Christian Endeavor society of the Presbyterian church was held at the church Monday evening. The topic for discussion was "Evangelistic Mission," which was ably handled by Calvin Weimer, who had charge of the program.

SOCIETY

Travelers Club

An interesting meeting of the Travelers club was held Tuesday afternoon at the Chamber of Commerce rooms, with the program in charge of Mrs. John Russi.

Ray F. Carter, executive secretary of the Salem Community Service, gave an instructive talk, telling of his work and of things he was planning to do here. It was appreciated by the members.

Several songs were sung by the members with Miss Mary Holderman playing the accompaniment. Miss Mary Louise Mellinger sang two solos.

Plan Contest

When the Elizabeth Fry circle of First Friends church entertained the Pennington Comrades class of the same church Tuesday evening at the church, plans were made for a membership contest between the two classes. They also decided to raise money to buy new song books for the church.

The pastor and wife, Rev. and Mrs. M. M. Coffin, were invited guests. Games and refreshments were pleasures of the social period. At the next joint meeting the Comrades will entertain the circle.

Birthday Supper

Honoring the twenty-first birthday anniversary of their son, Edmund, Mr. and Mrs. Andrew Blackburn entertained 16 of his friends at a supper Tuesday evening at their home, Columbia st. The honor guest was presented gifts. The hours were enjoyed at games and music. Mr. and Mrs. Wilmer Whinnery, Alliance, were out of town guests.

Luncheon And Bridge

Yellow flowers lent beauty to the table at a luncheon given by Mrs. Burr Leeper Tuesday at her home, Tenth st., which interested 16 of her friends. Yellow nut baskets were the favors. Bridge was the chief diversion of the afternoon.

All-Day Meeting

The Ladies Aid society of the Damascus M. E. church held an all-day meeting Wednesday at the home of Mrs. Neal Kerr, Damascus. The time was devoted to sewing and a dinner was served by the hostess.

Mr. and Mrs. J. Whinnery Lease attended the automobile show Wednesday at Cleveland.

Mrs. J. C. McKee of Youngstown, formerly of Salem, was a visitor in Salem Wednesday.

Thomas Price, East Green st., is recovering from an attack of grip.

DIAMOND NOT NOW SUPREME

Scientists Have Put Forward Products Which Rival Famous Precious Stone in Hardness.

The diamond has always been regarded as possessing one quality which placed it beyond rivalry, namely, that of hardness. There are several gems which compete with it in beauty, and at least one, the ruby, when of rare size and quality, outpicks it in costliness. But none in the whole list equals it in hardness.

"Diamond cut diamond" is a popular saying. The hardest steel cannot equal the diamond in that respect. The diamond, the text-books used to declare, "is the hardest substance known."

But science progresses, and if nature has set aside for her king of gems the distinction of unparalleled hardness, the art of man has not been equally considerate. There are several products of chemical experiment which have proved, it is claimed, to be as hard as diamonds.

These are produced from the rare metal titanium. One investigator succeeded in preparing titanium in the electric furnace. In the pure form it is harder than steel or quartz, and when combined with silicon or boron, so as to form a silicide or boride of titanium, it matches the diamond itself in hardness.

Titanium resembles tin in its chemical properties; and it is the characteristic element in the beautiful red and brown crystals of rutile. These, in the shape of needles, are sometimes found penetrating large white quartz crystals, forming gems that the French call "love's arrows."—Washington Star.

Iceberg Sinks Ship; Two Women Escape; But Only One Lives

Thrilling Wreck Scene One of the Dramatic Episodes of "Belle of Alaska."

Chester Bennett's big production, "Belle of Alaska," starring Jane Novak, contains a shipwreck scene taken in the ocean miles away from land that has a parallel only in the sinking of the great liner Titanic.

The gold-ship "Northland" leaves Seattle for the Klondike, packed to the rails with prospectors and adventurers.

In the middle of the night, off the Alaskan coast, the Northland strikes an iceberg. Half-dressed, undressed passengers, mostly without lifebelts, half dazed from sleep, engage in a mad fight for safety. Sinking slowly, the steamer's searchlight shows on the surface of the sea, playing scores of passengers in the water trying to climb on a life raft.

Another thrill afforded the spectator is a sensational battle fought in the mud by Noah Beery and J. Frank Glendon, differing from the ordinary screen battle between two men. In this scene the players stage an underwater almost knee deep in mud. At the end of it they are literally covered with mud and then a shot from the crowd stops the fight when Berry, the villain drops to the ground, dead.

In the first part of the picture Jane Novak leaps off the Alaska-bound steamer and engages in a sensational swim for the dock that will hold her breathless and spellbound throughout the entire scene.

State Dairy Farmers To Stress Marketing

The marketing of milk and its products by farmer-controlled co-operatives is given emphasis in a program of 10 addresses announced today by officers of the Ohio State Dairymen's Association for the annual meeting of that body which is to be held Jan. 30, the second day of Farmers' Week, on the campus of the Ohio State university, Columbus.

Jared Barker of Akron, president of the association, will make the opening talk, at 9 a. m. Tuesday. Vice president, David Snyder of Springfield, and honorary president, L. P. Bailey of Barnesville, will speak at 10.

In the afternoon, beginning at 1 o'clock, E. D. Wald of the Ohio Farm Bureau Federation will report on progress in milk marketing work in this state, and Harry Hartke of Cincinnati will tell of progress made by the American Farm Bureau Federation's committee of eleven toward a nation-wide plan of co-operative dairy marketing. Mr. Hartke is a member of this committee.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Salem people recommend Dean's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?

Mrs. John Bare, 135 West Dry st. Salem, gave the following statement May 21, 1917: "I was bothered with my kidneys for years. I thought I was going to die at times. I was in such awful pain. Sharp pains, like a knife sticking me in the back, would knock me out entirely, especially if I stooped to pick up anything. My kidneys didn't act right and I felt so miserable, I could hardly get along. My head bothered me a great deal and I was so dizzy. I often fell flat. I tried different remedies with no relief until I got Dean's Kidney Pills at Flooding's drug store. The first box relieved me and ten boxes cured me. I have enjoyed the best of health for three years."

On June 6, 1921, Mrs. Bare said: "Despite my years, I am able to do a good day's work and feel healthy. I gladly confirm my former statement."

How Students Score Points For Outside Activities

Principal C. M. Rohrabugh of Salem High school has announced to the students the following plan for scoring points for outside activities.

"During the school year of 1922-1923, we shall put into effect a scheme for limiting the number and amount of extra-curricular activities of each pupil in the school. Such a plan will operate to the advantage of the pupil who is apt to slight his regular school work for the sake of outside activities and likewise will result in a better distribution of all pupils among the various activities of the school.

"At the beginning of this plan each pupil will be limited to a total of 25 points per month and a total of 300 points per year. The yearly total shall be found by multiplying the value of an activity by the number of months the pupil takes part in such activity.

"Teachers in charge of the various activities will report to the principal the names of the participants at the time of entrance upon that activity and shall report the termination of such activity.

"No pupil shall be eligible for any extra-curricular activity, unless he shall have had passing grades in at least three courses at the last preceding distribution of reports.

"This plan shall be flexible within the judgment of a faculty committee of three members, to be appointed by the principal. This committee shall consist of the following during the year 1922-1923: Miss Smith, Miss Hart and Mr. Vickers.

"These ratings shall take effect as of the date of Sept. 1, 1922.

"Points will be charged against pupils each month according to the following schedule.

"President of the Senior class for six months, 10; president of the Senior class during carnival, 15; treasurer of Senior class, 10; president of Junior class and of assembly, 15; all other class officers, 5; editor of 'Quaker', 15; treasurer of 'Quaker', 15; business manager of 'Quaker', 10; assistant business manager of 'Quaker', 5; member of 'Quaker' staff, 5; president of Boys' association, 5; president of Girls' association, 5; other association officers, 3; member of athletic team (regularly on squad), 10; manager of athletic team, 10; president of Dinamo society, 5; member of Dinamo society, 5; member of other officers of Dinamo, 5; stage manager of a play, 10; business manager of a play, 10; member of debate squad, 10; chairman of carnival committee, 10; member of carnival committee, 5.

STROLLERS FIVE WIN FIRST GAME

The Strollers basketball team went to Washingtonville Tuesday night and defeated the quintet of that village by a score of 11 to 7, although the Salem team was not accustomed to a small floor. A large crowd witnessed the game.

Scullion made a spectacular shot from the floor but Morris made the most baskets. Every Salem player made at least one basket.

Manager Hassey would like to look games with any other teams.

WELLSVILLE FIVE COMES SATURDAY

Boys' And Girls' Basketball Teams Set For Stiff Battles.

With five games played to date and three of them listed on the losing side of the ledger, the Salem High boys basketball squad is all set for a stiff battle at the gym Saturday night when the Wellsville team comes to Salem for the first of a two-game series.

Wellsville so far has proved a puzzle to county basketball fans. Rated as one of the foremost contenders for the county title the Orange and Black upset the dope by losing two games to East Palestine.

The material on hand provided followers with hopes for a winning season and their games to date have only shown that the material is good.

Their desire for a victory here undoubtedly will result in a hard fought battle as the memory of that football defeat still lingers.

Home games seem to be the winning medium for Salem High and they are determined that another victory shall be chalked up on the ledger to balance it against the losses for the season.

The girls are also prepared for a stiff battle as the Wellsville maidens hold one victory over the East Palestine sextet who in turn administered a defeat to the Red and Black outfit.

Following the Wellsville encounter comes the annual clash with East Liverpool to be played here the following Friday night. The Pottery City teams are developing a consistent winning habit which is causing plenty of trouble for opposing county teams.

Declares Dividend Does Not Indicate Unreasonable Gain

Washington, Jan. 24.—Declaration of a stock dividend does not indicate that the corporation involved has "accumulated gains on profits beyond the reasonable needs of the business," as prohibited by law, Secretary of the Treasury Mellon declared in a letter to the senate.

Replying to a senate resolution brought forth by Sen. Brookhart, Republican of Iowa, Mellon announced that the punitive provisions of the revenue act had not been invoked against many of the 325 corporations which the federal trade commission charged with releasing their surpluses through stock dividends in 1922.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards, for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—and then just to keep them fit. Buy a box.

George Melford's Production

"Burning Sands" with-- Wanda Hawley

Milton Sills, Robert Cain and Jacqueline Logan.

Presented by Jesse L. Lasky. Greatest of all Desert Thrillers. Two women—a French dancer and a proud society beauty—throwing conventions to the winds and fighting for a man's love in the hot wastes of the Sahara. Wild adventures, gay Arabian revels, tears and tempestuous romance. All thrillingly headed in a picture ten times better than "The Sheikh." Produced on a scale as sweeping as its name. With a cast of real stars.

ARE WOMEN OVERWORKED

Yes, hundreds of thousands of them are. This applies to the housewife and mother who struggles on a meager income to make both ends meet by doing all the washing, ironing, cooking, making and mending for a large family. There are others who not only support themselves working in factories, shops, stores and offices, but often have an invalid father or mother to support, therefore do housework beside. These are the women who break down early and are afflicted with various forms of female weakness. Ninety-eight out of every 100 women who have tried Lydia E. Pinkham's Vegetable Compound have proved that it is a successful remedy for woman's ills. For nearly fifty years it has been restoring women to health, and it will pay every ailing woman to try it.

SMALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisements in a modest way. These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove
